

Contents

Anisotropy of the EPR spectra of fossil tooth enamel plates S.G. Mammadov, M.A. Bayramov, A.Z. Abishov, A.S. Ahadova	5
Features of radiation-stimulated adsorption of water on the surface of beryllium and aluminum oxides N.N. Gadzhieva	10
Legal regulation of radiation safety and related methodological issues M.A. Gurbanov, A.H. Akhmedova	16
Photoluminescence of solid solutions $\text{GaS}_{1-x}\text{Se}_x\langle\text{Er}\rangle$ 0.1at% ($X=0.20$) irradiated with gamma-quanta R.S. Madatov, T.B. Taghiyev, A.Z. Abasova	20
Pollution assessment and statistical evaluation of radionuclides and metals in surface sediments in Caspian sea F.Y. Humbatov, S.Sh. Mammadzada	25
Study of photochemical transformation of oil and its components (summary) T.S. Idrisov, M.A. Gurbanov, U.A. Gulieva	36
Study of some biophysical and biochemical parameters in stress – exposed laboratory rats (<i>Wistar albino</i>) A.N. Nasibova, R.I. Khalilov, M.A. Bayramov, M.F. Bayramova, L.T. Kazimli, R.S. Qasimov	42
Study of the radioprotective properties of rutin and its complexes in plant model systems S.A. Mammadli, Z.H. Muslumova, M.F. Farajov	52
The effect of γ -irradiation on the volt-ampere characteristics (VAC) of GAS monocrystal doped with Yb R.S. Madatov, T.B. Tagiev, A.Sh. Khaligzadeh	60
The effect of γ -quanta on electrical and photoelectrical properties of TlInTe_2 compound R.S. Madatov, A.I. Najafov, M.A. Mammadov, V.S. Balayev	65
The photochemical processes under the influence of UV radiation in model system of crude oil – water T.S. Idrisov, M.A. Gurbanov, U.A. Gulieva	71
